Step 1: Cut along the outside dotted line of the book. (Yellow line for reference).

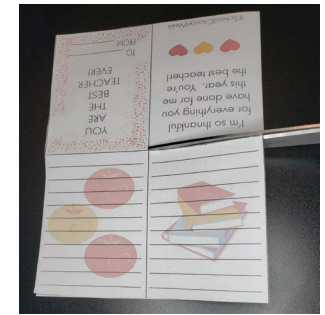

Step 2: Fold in half length-wise (like a hot-dog bun).

Step 3: Fold in half width-wise (like a hamburger bun).

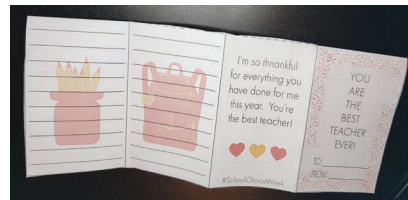

Step 4: Cut along the dotted line - stopping when the line turns solid. (See scissors below)

Step 5: Fold in half width-wise again (like a hamburger bun). You should only see two rectangles.

Step 6: Unfold flat and refold length-wise (hot-dog).

Step 7: Holding the outer two rectangles, push the pages together to form a "star".

Step 8: Fold over the front and back cover - you now have a book!
