

# SCHOOL CHOICE BOOKMARKS

---

This file contains printable bookmarks that can be cut out for your own personal use. They are designed to be double-sided. In your print settings, target pages 2-9 and click the setting “print on both sides”. We’ve created black and white as well as color version, so you can minimize the ink used, if you need to! We recommend printing the bookmarks on card stock or laminating them to create durability.

Feel free to take a photo of your bookmarks and share with us on social media using [#schoolchoice](#) or [#SchoolChoiceWeek](#), or email to [photos@schoolchoiceweek.com](mailto:photos@schoolchoiceweek.com)
