HELD EVERY JANUARY, NATIONAL SCHOOL CHOICE WEEK SHINES A SPOTLIGHT ON EFFECTIVE EDUCATION OPTIONS FOR EVERY CHILD.

what is school choice?

School choice is the process of empowering parents to choose the K–12 education options that best meet their children’s interests, talents, challenges and needs. Every child is unique, and all children learn differently. Some students might succeed at the neighborhood public school, while others might fit in better at a charter, magnet, online, private, home or nontraditional learning environment. National School Choice Week raises equal and positive awareness of all of these options, so that families can discover learning environments where their children are inspired, successful and happy.
